

**BRAC AKC, May, 2023**  
**Western North Carolina Agricultural Center – Fletcher, NC**  
**RV Parking**

Thanks for camping with us. Our goal is to make sure that both your agility and camping experiences are as enjoyable and stress free as possible.

Your assigned RV site is listed on the attached sheet, and shown on the attached RV site map. If you would like assistance when parking or setting up, please give us a call. We'd be happy to lend a hand.

There are three groups of RV sites at the WNC Ag Center, located as follows:

- Sites 1 – 18 are located on the far side of the main building. All have 50 amp electrical service.
- Sites 19 – 46 are across the parking lot opposite the main entrance. All have 30 amp electrical service. Sites 33 to 36 also have access to 50 amp electrical.
- Sites 47 – 62 are along Fanning Bridge Road. All have 50 amp electrical service. Please note that there is a bit of a slope from 47 to 62.

All sites have access to water, though some may have to share with their neighbors. Most sites are within reach of a sewer connection, but a few may be far enough away that you'll need to move your RV a bit to dump your tanks on your way out of town.

**Please note – To improve safety, and make more room for the RV's in spaces 1 – 18, car parking will no longer be permitted in front of these spaces.**

Each RV site will be labeled with both the site #, and your name. Please make sure you are in the correct spot before you set up camp. Also, please verify that the electric and water services are working before you set up.

If you have any issues with your site, please call us immediately. We will do everything possible to resolve the problems, or find a better site for you.

Please pick up your RV parking pass at the registration table and display it in the front window of your RV. This will let the folks at the Ag Center know that you have paid for your site, and that they don't really need to tow your RV away while you are in the building playing agility.

**If you have any problems, questions or suggestions, either before, during or after the weekend, please call me at .**

Thanks, good luck and have fun with your dog(s),
